

WE CHANGE LIVES

IN THE GYM

Every year, our gold-standard products certify some **37,500** fitness professionals who then coach, motivate and inspire others to lead healthier lives.

ON THE JOB

Our training solutions keep workers safe on the job. Each year, we help **58,000+** employees earn their OSHA certifications.

AT THE SCENE

Each year, our content and learning products certify and recertify more than **650,000** EMS and fire professionals. Our CPR training teaches **100,000** people how to save a life—more than any other provider.

IN THE HOSPITAL

More than **80,000** doctors a year prepare for their board exams and complete continuing education requirements using our study materials. Our products also streamline workflow and program administration for more than **600** leading hospitals.

WHILE HELPING STUDENTS

Every year, our innovative products work with **20,000** educators in **2,700** nursing programs to help **225,000** students on their way to becoming nurses. We help more nursing students prepare for their NCLEX exam than any other entity.

ACROSS HEALTH CARE

Every year, our study tools and certification exams help more than **150,000** people access a better future in eight allied healthcare professions. We empower medical assistants and pharmacy technicians, among others, to improve the quality of health care one student, one employee and one person at a time.

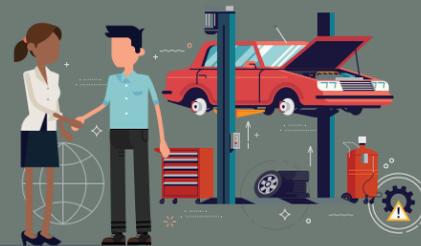

IN THE CLASSROOM

Our learning tools help more than **1 million** students a year achieve better outcomes in secondary and post-secondary classrooms and professional markets. Our texts and online learning tools cover an array of topics from nursing, health professions, information systems security and the sciences.

ON THE ROAD

Every year, we ensure safety on the road by teaching **95,000** students in more than five countries how to service and repair cars, trucks and heavy vehicles.

PAYCHECK TO NEST EGG

We serve **300,000** people a year who help you build a stronger future. Our courses help insurance agents and brokers learn how to choose the best policy to protect your home and family. We also prepare financial advisors for their licensing exams so they can help you save for a home—and build that nest egg.
